## SKYWARD FAMILY ACCESS

[HTTPS://SKYWARD.ISCORP.COM/LAKETRAVISTXSTUSTS](https://skyward.iscorp.com/laketravistxstusts)

Skyward Family Access is a secure, internet-based student information system that replaces txConnect. Skyward Family Access will allow easy access to view student attendance, behavior/discipline, calendars, demographic data, enrollment, health information, grades, schedules and transcripts. It is a free service available to all parents, guardians and students enrolled in the Lake Travis Independent School District.

### **Login Information and Assistance**

Parents and guardians are required to log into their Skyward Family Access account and complete district forms essential for the start of school including the 2019-2020 Returning Student Packet.

Beginning Monday, July 29, a unique login and instructions for setting your password will be provided via email directly by Skyward Family Access to all parents and guardians of students enrolled in Lake Travis schools.

Please note, Skyward Family Access will not include athletics, food and nutrition services, student drug testing and transportation information, nor will it replace Schoology, the district's Learning Management System used by our teachers districtwide to deliver courses and content online.

For assistance with your login or password, contact the Lake Travis ISD Help Desk or via email. Login names and passwords are automatically generated by the Skyward system at time of enrollment. Your name, your student's name, and campus will be required to locate your account.
